

16' MOBILE PRODUCTION TRAILER (PSI-16)

Custom Digital/Analog/MATV Production Unit

- Live Multi-Cam Production
- Corporate Event A/V
- Image Magnification
- MATV Signage Insertion
- Hospitality Event Signage
- Video Monitoring/Mobile Command Center

PACIFIC SATELLITE INC. offers a top of the line 16' HD mobile production/broadcast trailer that delivers all of your resource needs in an ultra-compact and affordable package. Our Blackmagic Design studio includes state-of-the-art A/V editing, switching and production gear as well as fiber distribution and capture. Included on-board are several formats of exclusive content (DSS/Off-Air/Media Players, etc.) that create value and options beyond your immediate production. Producing and cutting a live show, distributing to big screens & facility televisions, or implementing the unit as a Command Center for monitoring large venues or festivals are some of the many uses our clients have employed.

Planning, managing and executing time-sensitive live event productions since 1989, Pacific Satellite understands the importance of our clients' projects and helps them realize the full potential of their events. Facilitating your needs with our technical field expertise is an included line-item our customers have found invaluable. We are capable of fulfilling any of your video, A/V, or live event production services needs.

For further information please visit our website or call us to discuss your project.
